## POSITION DESCRIPTION

<b>Position Number:</b>	1815
<b>Department:</b>	Regional Services
<b>Section:</b>	Fitzroy River Water
<b>Unit:</b>	Network Operations
<b>Position Status:</b>	Permanent Full Time
<b>Classification:</b>	<p>Level 6 - Rockhampton Regional Council Certified Agreement 2022 – External Employees.</p> <p>Building Trades Award Level 2/3 (dependent on skills and experience) - Rockhampton Regional Council Certified Agreement 2022 – External Employees.</p>
<b>Reports To:</b>	Supervisor Network Maintenance
<b>Revised:</b>	June 2025

### General Position Statement

This position supports Council's direction by providing preventative and reactive maintenance and new construction of Council's water and wastewater reticulation systems in a professional, efficient and confidential manner ensuring the development of good working relationships with all staff and the public.

### Specific Responsibilities

The successful candidate must be able to fulfil the following position responsibilities.

- Lead a crew of 2 to 6 persons to carry out maintenance on our Region's water and wastewater reticulation systems.
- Undertake tasks associated with the Capital Works Program, such as construction programs to install new or refurbish existing water and wastewater reticulation infrastructure.
- Assist in the forward planning and organisation of jobs.
- Undertake maintenance and testing of water and sewer mains, including hydrants and associated valves and fittings.
- Ensure that work performed is in accordance with the relevant standards adopted by Fitzroy River Water.
- Proficient in the use of a variety of plant, both large and small associated with water and wastewater construction and maintenance.
- Refer matters that may impact upon the business, Council and employees to the relevant Supervisor or Manager.
- Undertake other relevant duties as directed, consistent with skills, competence and training.

# Team Leader – Construction

## POSITION DESCRIPTION

### Position Requirements

Your suitability for this role will be assessed against the following competencies.

#### Skills/Competencies

- Experience in the operation and maintenance of water and wastewater infrastructure.
- Experience in the operation of associated tools and equipment to undertake preventative and reactive maintenance to the water and wastewater reticulation systems.
- Ability to carry out a variety of manual tasks in conjunction with water and wastewater construction and where directed, i.e. reactive water and wastewater maintenance.
- Exercise good interpersonal skills dealing in a positive manner with the public, other team members, supervisors and management.
- Ability to prioritise, plan and organise workloads and coordinate the work of others.
- Ability to work in a team environment and under general supervision.
- Ability to read and interpret plans, charts and instructions.
- An understanding of the requirements of AS 3500 – National Plumbing & Drainage Code and Plumbing & Drainage Act 2002.
- Communicate Effectively – Ability to communicate with others verbally and in writing to meet requirements of the role.
- Teamwork and Collaboration – Ability to work together with others to achieve common goals both within immediate team and teams across Council.
- Goal Setting – Ability to set, define and deliver goals that are SMART – Specific, Measurable, Achievable, Relevant and Timely.
- Time Management – Ability to plan and organise tasks/work to meet objectives of the role.
- Problem Solving – Ability to analyse problems by gathering information and develop a solution (in line with role responsibilities) or options and make a recommendation.
- Decision Making – Ability to use sound judgement to make the best decision based on information gathered and analysed within the boundaries of the role.
- Manage Risk – Ability to identify, understand and manage risks so that work can be delivered safely and to required standard.
- Deliver Excellent Customer Service – Ability to meet customers' expectations around safety, time, cost and quality.
- Focus on Continuous Improvement – Ability to identify opportunities to enhance team effectiveness and improve team's customers' experience.
- Adaptable to change – Ability to adapt to changing work environments, technology, work priorities and organisational needs.
- Ability to effectively operate Council's computer systems including the Ci Anywhere Suite (R1 and ECM), Pathway and the MS Office Suite.

#### Qualifications

- Trade qualifications to operate as a Licensed Plumber and Drainer in Queensland, or Certificate III in Civil Construction and/or demonstrated experience in Civil Construction with practical knowledge of industry best practices for maintenance of water and wastewater infrastructure.
- Hold a Construction Industry Induction (White Card).

#### Desirable Qualifications and Experience

- Appropriate licences and experience in plant operation such as an excavator.
- Enter Confined Space Certificate and operate breathing apparatus.
- Traffic Management Implementation.

# Team Leader – Construction
